VOLUME XX. NUMBER 3.

IRONTON, MO.
THURSDAY, JULY 29, 1886.

FOR JUDGE OF THE 26TH JUDICIAL CIRCUIT:
JOHN L. THOMAS,
OF JEFFERSON COUNTY.

FOR RAILROAD COMMISSIONER:
JAMES F. HATTEN,
OF WAYNE COUNTY.

FOR STATE SENATOR 24TH DISTRICT:
J. PERRY JOHNSON,
OF MADISON COUNTY.

Commissioner Sparks continues his very vigorous fight against the land thieves and never stops his good work to refute the calumnies that are heaped upon him. The attention of the land grabbers should be called to one fact, however. The General has issued more land patents since his incumbency than any previous commissioner ever passed in the same length of time, and his have the merit of being honest.

Among other proceedings at the mass meeting held at Centerville, on the 11th inst., the following will be found interesting:

Wm. Carter, L. O. Neider, A. J. Parks and Ellis Harrison were elected delegates to the Congressional convention, and instructed to cast the vote of this county for Hon. M. L. Clardy for Congress.

The following resolution was offered by Capt. S. H. Irvine: "Resolved, That the delegates to the Senatorial Convention be instructed to have the nominee of that convention instructed to cast his vote for Hon. F. M. Cockrell for United States Senator; and be it further Resolved, That the Representative from this county to the Legislature be instructed to vote for Hon. F. M. Cockrell, for U. S. Senator, so long as there is chance of his election." Hon. L. O. Neider moved to strike out the name of F. M. Cockrell and insert the name of William Carter, of St. Francis county. A division of the house was ordered, and the amendment was lost by a large majority. The resolution was then adopted.

A curious phrase of American religious life is presented when a pastor and his entire flock go off on a week's excursion, and spend the time, including a Sunday, in preaching, praying, singing, fishing and dancing. But, when one becomes used to the idea, this sort of parochial pilgrimage displays many attractive and praiseworthy features. The constant daily intimate intercourse of the shepherd with his flock and of the sheep with each other ought to promote an ideal spiritual brotherhood; the change of scene and copious draughts of fresh air should regulate any physical disturbances, and if there be a black sheep in the Tabernacle fold, he is pretty sure to be spotted on this journey, and the waters of Alexandria Bay are ample for his purification. On the whole, with such good management, good fellowship and good cheer, we believe that, like Brother Talmage and his flock, many congregations could worship nature to advantage.

The Morrison resolution disposing of the surplus in the Treasury has passed the House by the overwhelming vote of 207 to 67, party lines not being strictly drawn. The resolution reads as follows: "Whenever the surplus in the Treasury, including amount held for redemption of United States notes, shall exceed the sum of \$100,000,000, it shall be the duty of the Secretary of the Treasury to apply such excess, in sums not less than ten millions per month, during the existence of any such surplus or excess, to the payment of the interest bearing indebtedness of the United States, payable at the option of the Government." In the debate on the surplus Representative McKinley, of Ohio, was disposed to mingle some fun. Said he: "there is not a single thing upon which this Democratic party agrees and is in perfect accord except getting offices; not one," Mr. Morrison interpolated, "and we are getting along only middling at that." "Yes, you are getting them very slowly," said Mr. McKinley, and the Democrats laughed with the Republicans.

Tax Payers.

Some county courts in their wisdom have decided that a poll-tax payer is not a tax-payer within the meaning of the law. Whether this is wisdom or not is an open question, and whether it is law or not, we question their judgment very much in this particular. If a poll-tax payer is not a tax payer, how can the courts or their officers compel these parties to pay a tax that is not a tax? This question comes home to tax-payers in incorporated towns in such force that their names should not appear on the tax books of the corporation, and yet we do not believe that county courts would assume the responsibility of saying who may or may not be compelled to pay city taxes. And if they are not tax-payers, why call them poll-tax-payers? Can you mention those parties at all in this connection without the prefix, tax-payers?

Is Bro. Fisher Getting Cranky?

The Farmington Times, of the 15th inst. says: "We understand that when Mr. Clardy was at home a short time since, he went over to Ironton in the interest of Judge Carter. The week after his visit the REGISTER came out with complimentary notices of Messrs. Clardy and Burks, and sandwiched in between them was an article advocating Senator Cockrell's re-election. Inasmuch as the proprietors of the REGISTER had previously assured Judge Carter that he should have the support of that paper, and then its coming out for Senator Cockrell the week after Mr. Clardy's visit, suspicious minds might in-

fer that Mr. Clardy, and not Mr. Burks, had something to do with the REGISTER's change of front, and that these two wily politicians are practicing a deception upon Judge Carter. Messrs. Clardy and Burks are so closely allied, however, that it is not strange that the work of the one should be taken for that of the other."

"The proprietors of the REGISTER!" There is but one proprietor of the REGISTER, and at no time, in any way, did he ever promise Judge Carter his support for U. S. Senator. Therefore, Mr. Clardy did not ask him to "go back on" Carter. Is Bro. F. getting cranky? Whenever the Hon. M. L. Clardy's name is mentioned, he flies off at a tangent, gets "rattled," and imagines all sorts of improbable, not to say impossible, things. Go to the sea-shore and bathe—your head, Bro. Fisher.

Inflammatory Rheumatism.

For over two years I suffered intensely with muscular rheumatism. I became almost hopeless, and had to be helped out of bed. At times I was unable to turn myself in bed, and had to be handled as tenderly as an infant. My chest was involved, and the pain was intolerable at times. All the old and well-known remedies were exhausted, but no permanent relief was obtained. About a year ago I was induced by a friend to try Swift's Specific. The effect has been magical. My friends scarcely recognize me. My rheumatism is entirely gone, my general health is superb, and I am weighing thirty pounds more than when I commenced taking S. S. S. I am able to attend to all ministerial work. I am devoutly grateful for my restoration to health, which I owe, under the blessings of God, to Swift's Specific.

Southwest Missouri.

ANTRIM, Mo., July 20, 1886.
Ed. Register—We are the recipients of your valuable paper each week, and if not an intrusion on your valuable space, please give space for the following:

To Southwest Mo. emigrants are pouring in from Pennsylvania, Iowa, Illinois, and other places. In the near future, at the present per cent, Southwest Missouri will be totally fenced and the ground plowed. Health is good and we are pleased to say doctors are idle.

Crops so far are real good, but we are now undergoing a severe drouth, which will prove fatal to corn crops if it continues long. Nothing more plenty than candidates. "Dagon them," they get interested in a good work, they won't quit until they accomplish it! I have had them to talk a dollar out of my pocket when I hadn't a cent about me.

Over in "Dingle Dell" (Bellevue) last week, I felt a pang of sorrow at parting with the noble Prof. and his genial students, with whom I have had many pleasant associations. But I hope we may meet again soon, and let us strive meanwhile to be able to show the best results in the matter of improvement; but above all, gentlemen and ladies, remember that that little bit of paper signed, John B. Scott, invests us with a high and solemn trust, with a duty, an obligation to society beyond that of any other profession. Let us put forth our utmost energy to attain results that will redound to the honor and credit of the man who reposed that confidence in us. Prof. Russell gave a splendid exhibition of his simply marvelous powers of elocutionary power at the Cross Roads last Friday evening. His gift is so wonderful, that like Dean Swift, he "could make half of the audience laugh, and the other half cry at the same time." Aye more, he made them all cry and laugh at the same time. No other living man could have made me forget, for even one moment, to be sorry that my girl wasn't there. Odd zig-zag! but how we did laugh! We shook all the dust out of the church, and he had it out, or the side would have followed, if not the spikes. Iron-tonians, do some strong garments and go and enjoy his mirth producing maneuvers, Friday at Ironton.

Who will help us to build a church here at Graniteville? Vice-President Smith has contributed \$100. J. Cornington, P. E., has given ditto, and various others have subscribed some \$100. We've \$400 in cash, not God's Holy Sanctuary be sacrificed any longer. We have only a hall in which to hold religious services, balls, schools, etc. What an incongruous mixture! It is too bad. He who created this magnificent world and all this splendid building [material] is denied just one temple sacred to His cause. "Come one, come all," and contribute your mite. Joe Kerchner has just received a cargo of the finest bottled, 3-year old liquors from Hellman & Frazer, of Louisville, Ky. That's a move in the right direction. If we must have whisky dispensed in our midst, let's have the pure whisky of our fathers, not the demoralizing extract of Hades, compounded with drugs, and all that kills, damps, and crazes.

Dan Critchfield had his arm broken last Sunday. He was riding on some cars, when he fell with the above result.

Mr. Keith has been suffering from a painful rising on his hand, which prevented him from manipulating the chisel.

Mr. Kane had a crushed and amputated finger last Saturday.

G. W. Farrar, M. D., assisted by Dr. (2) Joe Henson, cut off a big toe for Tom Mays last week.

John Bell is stopping at Mrs. Newall's.

John Vigneaux's kindly face is still seen at his "banker."

Billy Schneider gets around the country much with his elegant double rig and gold plated harness.

Ed Kelly still holds out.

Bob Davis' duck has been caught and returned to him and now he is contented. Now, Bob, old boy, we'll be very careful our duck don't get away again. Eh!

The G. C. B. went down to the dam at Iron Mountain the 24th, and made his miniature sylvan shore ring with glad strains. Mr. Hoyt, Mr. Ellingwood and Mr. Hines went too. I wonder if Johnny and his girl enjoyed themselves?

Charles Reno still holds out in B's P.

But he's getting as lonesome as Moses in the wilderness.
"Smart Alex," I see you are trying many vocalizes. Now I'd give you a job at the last mentioned, some day, but my girl says she wants a brick house. Suppose you try the mason's art next, and oblige,

MISSOURI AGRICULTURAL COLLEGE AND UNIVERSITY.

COLUMBIA, Boone Co., Mo., June 23, 1886.

To the Clerk of the Iron County Court:
Sir—It is my duty to inform you that, under the provisions of an act of General Assembly, approved April 1, 1872, (vide Session Acts, 1872, pp. 168-9, and Rev. Stat. 1875, Sec. 7307, 7308,) your county is entitled to send to the department of the Missouri Agricultural College and University at Columbia, during the year ending June 2, 1886, six students, between the ages of sixteen and twenty-five years. Under the rules adopted by the Board of Curators, students "shall possess a good moral character, and shall pass a satisfactory examination in orthography, reading, writing, arithmetic and geography;" and must pay the fees prescribed by said act, to wit: On matriculating, an entrance fee of ten dollars, and contingent fee of five dollars; and a like contingent fee at the beginning of the second half year, making the whole annual charge twenty dollars; which must be paid by every student, except regularly ordained ministers of the gospel, belonging to any of the various religious denominations in this State, and indigent young men preparing for the ministry. For the schools of Law and Medicine and Engineering, the annual charge is forty dollars, each. Tuition, except of all the students under the presidency of Samuel S. Lewis, LL.D., will begin on the

First Tuesday (7th) of September, and will continue until the first Thursday of June, 1887—except that of the School of Mines and Metallurgy at Rolla, which will begin Monday, September 30th, and end June 30th, 1887.

Ample provision has been made for the education and care of young women in all the classes of the University, and a course of study specially adapted for them has been adopted. See catalogue 1885-86, page 200. I beg to call your attention to the fact that, under the law on this subject, you will please, after giving two weeks' publication to this certificate, transmit to me on or before September 1st, a list of the names of all the youth of your county who intend to make application for entrance into the Agricultural College and University at the commencement of the next session. If such a list is not transmitted, students from other counties will be allowed to enter in lieu of those to which your county is entitled. Board can be had in clubs in the college building for board students at \$2.25 per week; in private families at \$3.00 to \$4.50.

I am very respectfully, your obedient servant,
J. H. DRUMMOND, Secretary.

Board of Curators, Missouri Agricultural College and University of Missouri.

"The Secretary of the Board of Curators shall cause to be transmitted to the Clerk of each County Court in this State a certificate, stating the number of pupils that such county is entitled to send to the State University the next scholastic year, which certificate shall be published by each County Clerk for two weeks in a newspaper published in such county. The expense thereof to be allowed by the County Court and paid for out of the County Treasury."

Persons desiring to enter the Missouri Agricultural College and University at Columbia, or School of Mines and Metallurgy, at Rolla, are required to make known their intention to me on or before September 1, 1886. Catalogues of the Agricultural College and University can be had on application to the University Librarian, Columbia, Mo., or at my office or the office of the County School Com'r.
